8. VETERINARY REGULATIONS

All horses must have an equine identification Document issued by their country of origin. This document must be shown on arrival at the event at the Secretary office. (Document/Arrival Hours Friday 13h-19h and Saturday 8h - 13h)

All horses taking part in the WEB competition must be vaccinated as per the Belgian Equestrian Federation Veterinary Regulations (Influenza). Control will be done at the Secretary office.

Please note to inform yourself about the instructions of your country for the exportation-laws and transport documents.

9. INSURANCE

All owners and competitors are personally responsible for the damages caused to third parties, by themselves, employees, agents or horses. They are strongly advised to have an insurance, fully covering their participation in trials in their own country or abroad and that such insurance policy must be kept up to date.

The organizing committee is not responsible if a competitor doesn't have a valid insurance policy. Horses and competitors equipment remain under the riders/owners responsibility.

Competitors are responsible for all costs resulting from accidents.

Competitors withdraw their right to any legal request against the organising committee. All participants must ensure that their personal civil liability, individual accidents and medical insurance policies etc. are valid for the period of their activity.

The organization can never be responsible or held liable if such agreements have expired. The participants are also responsible for their horses and materials for the period of the competition

10. CODE OF CONDUCT

Considering that WEB aims to meet the highest standards of equestrian competition and therefore pretends to safeguard the welfare of the horse, we strongly recommend that at all times the following principles are met by all involved:

- o in all stages of the competition (during the preparation and training of competition horses) welfare must take precedence over all other demands;
- o owners, trainers and judges have to be sure that horses and competitors must be fit, competent and in good health before they are allowed to compete;
- o the events OC have to pay careful attention to the facilities (involving competition areas, ground surfaces, stables), weather conditions and site safety;
- o WEB urges all involved with the sport to attain the highest levels of education in their areas of expertise.

We wish you all the best of luck !
